ForecastsPro

AFFILIATES

Affiliate terms

The rules of the ForecastsPro affiliate program, in plain English: what you earn, when we pay, and how to share your link.

Version 1.1 · **Effective 19 November 2026** · **Questions:** support@forecastspro.com

The short version

1. Who we are
2. Joining
3. What you earn
4. When and how we pay
5. How you share your link or code
6. Changes and ending
7. Your data
8. Law and contact

> **The short version**
>
> - **You earn 50%** (or the rate we agree with you in writing) of the amount paid for each sale made through your link or your code.
> - **We pay every month in USDT**, once a sale is older than 14 days and was not withdrawn, from $50.
> - **Share honestly:** say you're an affiliate, never promise profits or a refund from us, never show a price lower than ours, no spam, and no ads that bid on our name.

1. Who we are

These affiliate terms are between you and Hypelust Offshore S.A.L., Commercial Register No. 332124, Maarad Street, Beirut 1300000, Lebanon ("we", "us"), the company that sells ForecastsPro. You accept them when you apply on our affiliate page.

2. Joining

We read every application and decide whether to accept it. When you apply, you tell us the region where most of your audience is; you can give us your payout wallet then or later. Once you're approved, we email you your referral code, your link (https://forecastspro.com/?ref=YOURCODE) and a private page with your sales and commission. Keep that page's link to yourself. We also offer you a free ForecastsPro account for 30 days, so you know what you share; the Terms of Service apply to it, and your AI provider bills your AI usage, as for every account. The details you give us, including your payout wallet, must be accurate and yours; tell us if they change.

3. What you earn

You earn 50%, or the rate we agree with you in writing, of the amount the customer actually paid for each sale made through your link or your code. A sale is yours when its checkout carries your code: the customer arrived through your link, or typed your code on our checkout, and paid during that visit. A sale carries one code at most:

the link's, if the customer came through one. We use no cookies, so a customer who comes back later without your link, and does not type your code, is not counted.

No commission is earned on your own purchases, on a sale the customer withdraws from or that we refund, or on a payment that is not confirmed.

4. When and how we pay

We pay once a month, in USDT on TRC20 or ERC20, to the wallet you give us, when you apply or later; until you do, what we owe you carries over. A commission is paid once its sale is older than 14 days and was not withdrawn, and when what we owe you is at least $50; smaller amounts carry over to the next month. We may refuse to pay to a wallet we cannot accept, for example one that sanctions or anti-money-laundering rules stop us paying, or one that is not yours; we then ask you for another, and what we owe you carries over. A payment sent to the wallet you gave us is final, so check the address carefully. If a sale is refunded after we paid its commission, we may deduct that commission from your next payout. You are responsible for any taxes on what you earn.

5. How you share your link or code

- Always say that you are an affiliate and earn a commission, wherever you share your link or code.
- Never promise or suggest profits or returns, and never present ForecastsPro as financial advice. ForecastsPro is software, and crypto trading can lose money.
- If you pass part of your commission to buyers, say it is your own offer, paid by you; never show or advertise a ForecastsPro price lower than ours, and never promise a refund from us.
- No spam: no unsolicited emails or messages, no fake reviews, no misleading claims.
- Don't bid on "ForecastsPro" or similar words in search or social ads, or use our name in a domain or an account name, and don't present yourself as us.
- Follow the laws and platform rules that apply to you, including the advertising rules where you share your link or code.

If you break these rules, we may withhold the commission on the sales concerned and end your participation.

6. Changes and ending

We may change these terms, pause or end the program, or end your participation, by telling you by email at least 14 days before, or at once if you break section 5. Commissions earned before the change or the end are paid under the terms that applied when the sale was made. You can leave at any time by emailing us.

7. Your data

We use your name, email address, the link where you share ForecastsPro, the region of your audience and your payout wallet only to run the program and pay you. Our Privacy Policy explains how we handle personal data.

8. Law and contact

These terms are governed by the laws of Lebanon, and the courts of Beirut, Lebanon, have jurisdiction over disputes about them. Questions: support@forecastspro.com. We answer every support email within 48 hours.
